**Join the online discussion group  
To increase community health**

Many persons and agencies work to prevent and reduce substance abuse and other high-risk behaviors. ACHC now has an online discussion forum to help with communication and collaboration among prevention specialists and other interested persons.

"We want to increase our ability to make a positive difference in the health of our communities. By sharing information, questions, resources and ideas, we can all work smarter and become more effective," stated Donnis Reese, Executive Director of ACHC.

Subscription to the online discussion group is available at [www.achconline.org](http://www.achconline.org).
